Oversize Shipments

An over-size service fee will apply for any piece in excess of 20 inches on any one side. Heavy Weight Shipments

For shipments weighing over 100 lbs., divide the weights of the package by 100 and multiply the result by the 100 lb. price on the appropriate rate zone.

Space Available

All shipments travel under our coaches and share the cargo space with passenger luggage. Based on capacity, room can be a commodity. Standard Service shipments can potentially be deferred so that passenger luggage and Priority Service shipments may travel unimpeded. Standard service shipments do not always go out on the next bus, do not always stay on the same schedule, and in the case of multiple pieces, do not always travel together.

Please see the below guidelines for regular transit times by mileage. All transit time days listed are business days (Monday - Friday).

These guidelines in no way constitutes a guarantee.

Range in Miles	Estimated Transit Time
0-125	2 days
126-275	3 days
276-500	4 days
501-800	5 days
801-2000	7 days
2001-2600	10 days

Shipments more than 48" in length or greater than 5 pieces may take up to 13 additional days in transit due to capacity and size constraints.
